30% savings
guaranteed

Take the WETTASK[®] System “Kick the Bucket” Challenge

60 Days, 30% Chemical Savings Guaranteed

The Challenge is simple. Just replace your open buckets and cotton rags or towels with the WETTASK[®] System for 60 days. If you don't see a 30% savings[†] in your chemical costs, KIMBERLY-CLARK PROFESSIONAL[®] will reimburse your chemical costs for 60 days with up to \$1,000 in free product per customer facility.

To register for the WETTASK[®] System “Kick the Bucket” Challenge, complete the information on the back of this sheet and and fax to: 770-587-7008

Unlike cotton rags or cellulose-based wipers in open buckets, KIMTECH PREP[®] Wipers for the WETTASK[®] System maintain target disinfectant concentration over a prolonged period of use, making surface disinfection simple and reliable.

[†] Savings calculated based on a 60-day chemical cost for an open bucket and cloth rag system as compared to 60-day WETTASK[®] System trial chemical cost.

Take the WETTASK[®] System "Kick the Bucket" Challenge

The WETTASK[®] System consists of a dry roll of the KIMTECH PREP[®] wiper of your choice placed in our reusable, closed bucket or small canister. You add the disinfectant you normally use. It's that easy.

To Register for the WETTASK[®] System Challenge, Complete the Following and Fax to: 770-587-7008.
