Melts ice & Snow to

-15°F

- Contains calcium chloride pellets; the fastest de-icer available
- Begins melting ice and snow immediately upon contact and quickly generates melting heat
- Fewer applications required for excellent results
- Safer on concrete and vegetation than rock salt when used correctly
- Contains: Sodium Chloride, Calcium Chloride Pellet & Magnesium Chloride Pellet

Melts ice & Snow to

-10°F

- Each granule is encapsulated with Liquid Ice Ban
- Enhanced with green color for easy application
- Safer for concrete vegetation & pets than rock salt
- Friendlier on the environment
- Contains: Sodium Chloride sprayed with Liquid Magnesium Chloride, Ice Ban, Corrosion Inhibitor & Green Dye

Melts ice & Snow to

0°F

- Each granule is encapsulated by liquid magnesium chloride for fast, environmentally friendly ice control
- Includes a corrosion inhibitor to reduce damage to metal surfaces
- Safer on concrete and vegetation than rock salt
- Contains: Sodium Chloride sprayed with Liquid Magnesium Chloride & Corrosion Inhibitor

Melts ice & Snow to

-25°F

- Begins melting immediately upon impact- generates melting heat fast
- Quickly penetrates through frozen surfaces to undercut the ice
- Most efficient de-icer on the market – melts more so application rate is less
- No powdery residue – odorless and colorless
